

E.MOTION

E.MOTION

Ideal solution for customers
who are not familiar with
programming
or for applications where
PLC control is not available.

E.MOTION

Easy, intuitive user interface
and a simple yet
comprehensive programming
language.

E.MOTION

You can fully control
any electric axes,
regardless of whether
Metal Work motors
or other makes are used.

E.MOTION

Full customisation
and adaptation
to all possible
user requirements.
